Distance to nearest school locations

If school (primary, secondary and high school) is located in the village the distance is **0** km. Where the primary, secondary and/or high schools are in the same location, the distances are the same.

30	Distance from village centre to primary school (grade 1 - grade 6)km
31	Distance from village centre to lower secondary school (grade7 - grade 9)km
32	Distance from village centre to upper secondary school (grade10-grade 12)km

Occupations

Rice farming (If none, enter 0)

33	# of families whose primary occupation is rice farmingfamilies
34	# of families whose primary occupation is Chamkar rice farmingfamilies
35	Total number of families whose primary occupation is rice farmingfamilies

Field Crops (If none, enter 0)

36	# of families whose primary occupation is cultivating long-term cropsfamilies
37	# of families whose primary occupation is cultivating short-term cropsfamilies
38	# of families whose primary occupation is cultivating vegetablefamilies
39	Total number of families whose primary occupation is cultivating farm-cropsfamilies

Fishing, livestock and NTFP (If none, enter 0)

40	# of families whose primary occupation is fishermanfamilies
41	# of families whose primary occupation is livestock farmerfamilies
42	# of families whose primary occupation is NTFP by-product foresterfamilies

Craftwork (If none, enter 0)

43	# of families, who is furniture crafter, wooden, rattan, vine, bamboo.families
44	# of families, who is metal, aluminum, glass goods producerfamilies
45	# of families who is food stuff producer (noodle, sauce...)families
46	# of families, who tire, plastics and rubber goods producerfamilies
47	# of families, who is textile, clothing goods producerfamilies
48	# of families, who is other producer, not listed abovefamilies
49	Total number of families whose main occupation is craft workfamilies

Services (If none, enter 0)

50	# of families whose main occupation is traderfamilies
51	# of families whose main occupation is repairerfamilies
52	# of families whose main occupation is transport services providerfamilies
53	# of families whose primary occupation is providing other servicesfamilies

Civil servant and Workers (If none, enter 0)

54	# of families whose family member is a government official, staff or workerfamilies
55	# of families whose family member is a private sector staff or workerfamilies

Job migration

56	Number of people migration to work with company/factorypersons	#.....female
57	Number of people migration to works, but uncertain jobspersons	#.....female
58	Total number of migration for jobpersons	#.....female

Civil Society and Unemployment

59	Number of people participate in civil society works/activitiespersons	#..... female
60	Number of people aged 18-60 with uncertain/irregular jobspersons	#..... female

This year in our village there are:

61	# of families who cultivate rice as main career (the same as the above table)families
62	# of families who have rice land less than one hectarefamilies
63	# of families who do not own any rice landfamilies

64	# family who have some irrigated rice landfamilies
65	# of families who have irrigation wellsfamilies
66	# of irrigation wellswells

67	Average yield of rice in wet-season per one hectare	tons/hectare
68	Average yield of rice in dry-season per one hectare	tons/hectare
69	Farm gate price of rice per kilogram this year	Maximum price:..... Riels/kg
70		Minimum price: Riels/kg

71	Total number of families who mainly cultivate farm-crops (the same as the above line 39)families
72	# of families who have cultivated land less than one hectarefamilies
73	# of families who do not own any cultivated landfamilies

Total number of the above families who mainly cultivate the farm-crops using chemical fertilizer and pesticide for their farming in the village this year is:

74	# of families using chemical fertilizerfamilies
75	# of families using chemical pesticidefamilies

Livestock Raising

Cattle-buffalo (If none, enter 0)

76	Total number of families with cattle/buffalofamilies
77	Number of families with cattle/buffalo as forced laborfamilies
78	Total number of cattle/buffalo in the villagecastles/buffalos
79	Total number of cattle/buffalo farmsplaces

Horse (If none, enter 0)

80	Total number of families with horsesfamilies
81	Total number of horses in the villagehorses

Pig (If none, enter 0)

82	Total number of families with pigsfamilies
83	# of families with pigs more than 3-4 headsfamilies
84	# of pig farmsplaces

Goat-Sheep (If none, enter 0)

85	Total number of families with goat/sheepfamilies
86	# of goat/sheep farmsplaces

Poultry (If none, enter 0)

87	Total number of families with chickenfamilies
88	# of families with hens chicken more than 3 hensfamilies
89	# of chicken farmsplaces

Duck (If none, enter 0)

90	Total number of families with duckfamilies
-----------	------------------------------------	---------------

91	# of families with female duck over 5 headsplaces
92	# of duck farmsplaces

Fish (If none, enter 0)

93	# of families raising fish in pond, rice field or pond-rice-fieldfamilies
94	# of fish-pond cultureponds
95	# of families with fish cage culturefamilies
96	# of cagefarms

Shrimp (If none, enter 0)

97	# of families raising shrimpfamilies	
98	# of shrimp pondpondhectares

Prawn (If none, enter 0)

99	# of families raising prawn in pond or rice fieldfamilies
100	# of prawn pondsponds
101	# of families raising prawn in cagefamilies
102	# of prawn cagescages

Crocodile (If none, enter 0)

103	# of families raising crocodilesfamilies
------------	----------------------------------	---------------

Natural Resource and Environment

104	# of families who suffer from natural disastersfamiliespersons
105	# of families living in a protected area or conservation zonepersons	
106	# of families which have access to garbage collection servicespersons	
107	# of families who effected by environmental pollutionpersons	

Number of families affected by environmental pollution refers to families who live near or close to an industrial factory, manufacturing workshop or garbage area.

Housing

In our village families live in many different types of houses as recorded below:

	House type	Number of Family	Total # of houses	Total # of houses with electricity	# of houses with battery light	# of houses with TV
108	House with thatched rooffamilieshouseshouseshouseshouses
109	House with zinc/fibro rooffamilieshouseshouseshouseshouses
110	House with tiled rooffamilieshouseshouseshouseshouses
111	Flats/apartments (with many families living)familieshouseshouseshouseshouses
112	Concrete house or flat (with a family living)familieshouseshouseshouseshouses
113	Villa housefamilieshouseshouseshouseshouses
114	Total	houseshouseshouseshouses

115	# of battery-charge services in the villageplaces
------------	---	-------------

Transportation

Based on an actual count, the numbers of different means of transportation this year are:

Tractors, Power-tillage used in rice farm-for plugging (If none, enter 0)

116	# of tractors use for ploughfamiliestractors
117	# of power-tillage use for ploughfamilieskoyons

Cars for transporting goods and passengers (If none, enter 0)

118	# of local made cars, combination of used vehicle spare partsfamiliessets
119	# of small trucks (net weight less than 1.5 tons)familiessets
120	# of heavy trucks (net weight over 1.5 tons)familiessets
121	# of mini buses(less than or equal to 12 seats)familiessets
122	# of buses (over 12 seats)familiessets
123	# of family carsfamiliessets
124	Total number of vehicle in the village	sets

Other machinery (If none, enter 0)

125	# of other machinesfamiliessets
126	# of rice threshing machinesfamiliessets

Ox carts, motor bicycles and bicycles (If none, enter 0)

127	# of ox-carts and horse-cartsfamiliessets
128	# of motorbikefamiliessets
129	where motorbike-trailerfamiliessets
130	# of motor tri-cycle (3 wheel motor bicycle, Lambreuta)familiessets
131	# of bicycle and bicycle- trailer (useable bike)familiessets

Row boats (If none, enter 0)

132	# of row boats used for fishingfamiliessets
133	# of row boats used for traveling/tourismfamiliessets
134	Total number of row boats in the villagefamiliessets

Motor boats (If none, enter 0)

135	# of motor boats used for fishingfamiliessets
136	# of motor boats used for tourism/transport passengersfamiliessets
137	# of motor boats used for goods transporting net weight up to one tonfamiliessets
138	# of motor boats used for goods transporting net weight over one tonfamiliessets
139	Total number of motor boats in the village	sets

Distance from village centre to the nearest market:

140km	The market is located in Village:.....;Commune:.....; District:.....; Province:.....; Code number:; and Name of the market:..... (DoP will enter the village code for the market location)
------------	---------	---

------------	--	---------------------

Note: If the road is in the village the distance and duration is 0. The distance should be to the nearest point. Roads that can be passed by taxi by considered as a road that is passable year-round by a vehicle.

The average distance from the centre of the village to the Commune/Sangkat office, District/Khan office and the Provincial/Municipal town

142	Average distance from the village centre to Commune/Sangkat officeKm
143	Average distance from village centre to District/Khan officeKm
144	Average distance from village centre to Provincial/Municipal officeKm

Health and Hygiene Situation

In our village there are:

145	# of TBA, who learn from their predecessors or received some trainingpersons
146	# of midwife living in the villagepersons
147	Distance from centre of the village to health centreKm

Note: If the health centre is in the village, the distance is 0 kilometer.

This year in our village the number of women who delivered a baby is:

	Description	TBAs	Midwife	Total
148	# of women who delivered a babypersonspersonspersons
149	# of mothers who died after delivery (0 -1 month)personspersonspersons
150	# of new survival born infantspersonspersonspersons
151	# of infants who died (0 day -1month)personspersonspersons

152	# of children who died aged below 5 years (from one month and over)persons
------------	---	--------------

This year in our village there are:

153	# of registered infantspersons
154	# of children aged from 9 months - 12 monthspersons
155	# of children aged from 9 months - 12 months who have received full immunization(6 or 7 immunizations)persons

Water use in the Village

Based on actual count in our village this year there are:

Pump/Mixed wells

156	# of usable year-round pump or mixed wellswells
157	# of seasonal pump or mixed wells, dry season unusablewells
158	Total number of pump or mixed wells in the villagewells
159	# of pump or mixed wells need to repair/rehabilitatewells

Ring wells

160	# of usable year-round ring wellswells
161	# of seasonal ring wells, dry season unusablewells

162	Total number of ring wells in the villagewells
163	# of ring wells need to repair/rehabilitatewells

Unprotected dug wells (if no enter 0)

164	# of usable year-round unprotected dug wellswells
165	# of seasonal unprotected dug wells, dry season unusablewells
166	Total number of unprotected dug wells in the villagewells

Pond (if no enter 0)

167	# of usable year-round water pondspond
168	# of seasonal water pondspond
169	Total number of water pond in the villagepond
170	# of water ponds needs to repair/rehabilitatepond

Pond with filter (if no enter 0)

171	# of filtered pond with usable year-round potable waterpond
172	# of filtered pond with seasonal potable waterpond
173	Total number of filtered pond in the villagepond
174	# of filtered ponds needs to repair/rehabilitatepond

Potable water sources (If none, enter 0)

175	# of families usually uses water from purified system equipmentfamilies
176	# of families usually uses water from pump, mixed wellsfamilies
177	# of families usually uses water from ring wells, opened dug wellsfamilies
178	# of families usually uses water from pondfamilies
179	# of families usually uses water from rain water storagefamilies
180	# of families uses water from rivers, lakes, natural ponds and reservoirsfamilies

Source of drinking water in dry-season

181	# of families uses drinking water from an clean/safe sourcesfamilies
182	# of families uses drinking water from an unsafe sourcesfamilies

Drinking water sanitation

183	# of families use water filter for drinkingfamilies
184	# of families regularly boil water for drinkingfamilies

Distance from water sources during wet and dry-season

185	# of families with piped water, pump or ring wells at their house or less then 150m.families
186	# of families with a communal tap, pump or ring wells 150m distance away or farther from their house.families

Latrine Use

187	# of families who use their own latrinefamilies
------------	--	---------------

Administration and Security

Murders, robberies, kidnaping, theft, and land dispute cases (If none, enter 0)

188	# of murders, robberies and kidnaping casescases
189	# of theft casescases
190	# of land dispute casescases

Other insecurity cases (If none, enter 0)

191	# of other criminal casescases
192	# of other civil casescases
193	Total number of disputes cases occurred in the villagecases

Violation and drug abuse (If none, enter 0)

194	# of families having domestic violencefamilies
195	# of families whose family member(s) using drugsfamilies

Migration in/out of village (If none, enter 0)

196	# of families permanently migrates infamilies persons	... female
197	# of families permanently migrates outfamilies persons	... female
198	# of families, who is temporarily stayingfamilies persons	... female

Homelessness (If none, enter 0)

199	# of families living in a house located on public landfamilies
200	# of vagabond/homeless people, who do not have permanent homepersons

Vulnerable groups or living in difficulty

Vulnerable people (If none, enter 0)

201	# of families whose family member is living with HIV/AIDSfamilies
202	# of orphaned children under 18 yrs old whose parent died of AIDSpersons

Orphaned/abandoned children under 18 yrs (If none, enter 0)

203	# of under 18's orphaned/abandoned children with guardianpersons
204	# of under 18's orphaned/abandoned children without guardianpersons
205	# of under 18's orphaned/abandoned children living alonepersons
206	Total number of under 18's orphaned/abandoned childrenpersons

Sexual abuse and trafficking cases (If none, enter 0):

	Description	Under 18 ys old	Over 18 ys old	Total
207	# of victims of sexual abusepersonspersonspersons
208	# of victims of traffickingpersonspersonspersons

Disabled People (If none, enter 0)

	Description	Total	Female
209	# of disabled people who could earn income (such as bicycle repair, hair dresser, massage...)personspersons
210	# of disabled people who could not earn income (including street begging)personspersons
211	# of disabled people under 18 years oldpersonspersons

Other vulnerable people (If none, enter 0)

212	# of elderly persons without guardianpersons
213	# of victims of land mine and unexploded weaponspersons
214	# of cased of mine and UXO explosioncases

Additional Village Data

1. Ethnic minority: Refers to groups of people (the most archaic) who live in an area of the country according to their customs, tradition, culture, language and everyday life-style.

	Ethnic Name	#Families	Aged 0-17 years old		Aged Over 18 years old		Total
